

Tender No: NCS/OIB/NW-01/2018

DESIGN, SUPPLY AND INSTALL AUTOMATED SELF-CLEANING FILTERS PLANT FOR RESEARCH PURPOSE ON THE INVESTIGATION OF THE EFFECTIVENESS OF THE FILTERS IN REMOVING IMPURITIES FROM RIVER WATER AT N'KARAPAMWE TREATMENT PLANT, RUNDU

NamWater hereby wishes to obtain the services for the Self Cleaning Filters investigation in the reduction of particulate matter as supplied from the Okavango River water, for a fixed term period with an option to buy if found effective in removing the concern impurities.

The investigation should include but not limited to:

- Design the filtration plant as per specifications.
- Installation of the filtration plant.
- Commissioning of the filtration plant.
- Training of NamWater staffs to operate the filtration plant.
- Auditing of the filtration plant on quarterly basis
- Attending quarterly meetings to provide feedback on the plant audit
- Compilation of plant/filtration system auditing report

SPECIFICATIONS:

Service Providers are requested to submit their offers covering and not limited to the following items:

- Financial offer
- Technical offer
- Be available for a technical presentation/live demonstration
